INSTALLATION-CUP HOLDER

Note: Please check whether there are any obstacles on the wall behind the tiles before installation to avoid unnecessary trouble, it is recommended to have professionals to carry out the installation

1. Place the fixed base (B) against the wall where it is to be installed, and mark the position of the inner circle with a marker pen to facilitate drilling.
2. Drill 2 holes at the marking as big as the fixed glue (A), and use a hammer to gently hammer into the holes.
3. Place the fixed base (B) in front of the hole and tighten the screw (C).
4. Install the cup holder (D), note: the cup holder should be leveled. Finally, tighten the screws (E) at the bottom.
5. Place cup (F) on the stand.

AFTERCARE INSTRUCTIONS

Whilst this item has a high quality durable finish, it should nevertheless be treated with care. Surfaces should be cleaned using only a soft damp cloth and clean water & dried using a soft cotton cloth. Do not use an abrasive material such as a brush or scouring pad to clean the surface. The use of abrasive cleaners, alcohol disinfectants will alter the surface finish and void the warranty.

Do not allow products such as toothpaste, shaving cream, drain and glass cleaners to remain on the surface. Prolonged contact with these products will alter surface finishes and void the warranty.
